**CURIOUS ABOUT DATA SCIENCE?**

# APPLY FOR THE EDUCATORS IN DATA SCIENCE FELLOWSHIP

Every graph has a story, what story do  
you want to tell?

Middle and high school teachers, join us  
as we explore data science and its  
applications across the curriculum!

Apply by May 2, 2021 at

# SUMMER PD AND YEAR LONG FELLOWSHIP

## What is Data Science?

Data science is the study of data. It involves developing methods of recording, storing, and analyzing data to effectively extract useful information. (techterms.com)

The University of Arizona's Data Sciences Academy presents the new Educators in Data Science (EDSci) Fellowship, an opportunity for middle and high school Arizona educators to support their effort to bring real-world data science learning experiences into their classroom. Using data science as a tool, students can explore **answers** to their questions by gathering, analyzing and interpreting data. Any subject can benefit from a data science perspective boost! Now is the time to learn and teach the skills necessary for our data driven world.

Q&A live session: April 15, 2021 at 4PM

EDSci Application Deadline: May 2, 2021

Summer PD: Week of June 7, 2021 for 5 days

Fellowship: June 12, 2021 - May 1, 2022

Applications are currently being accepted!  
Apply today at [dataacademy.arizona.edu](https://dataacademy.arizona.edu)!
